Faculty Forward Postdoctoral & Visiting Scholars Program

The University of New Mexico's **Faculty Forward Postdoctoral (FF) and Visiting Scholars Program** is available to support up to three postdoctoral fellow, research associate, or visiting scholar positions on the Albuquerque central campus. Candidates must be nominated by UNM main campus tenure-granting academic units that wish to hire them for 12-month appointments. Candidates may not apply directly.

The original DiCE Postdoctoral Fellowship Program was established in the 1990s to encourage outstanding Ph.D. recipients to pursue academic careers at the University of New Mexico. The current program offers postdoctoral research fellowships, professional development and faculty mentoring to outstanding scholars in all fields who are potential candidates for central campus tenure-track faculty appointments that would contribute to strategic hiring goals.

Departments are expected to mentor and support high-potential candidates to prepare them for tenure track assistant professor appointments at UNM. In addition, departments on main campus will be encouraged to apply for DiCE bridge funding for hiring tenure-system faculty whose research, teaching, and service will contribute to inclusive culture and climate at UNM after candidates' successful completion of the program.

STIPEND

- DiCE's contribution to salary for the 2027-28 Academic Year is \$50,000 (for 12-month appointments). Academic units will cover fringe benefits and additional funds to meet UNM minimums and to provide competitive salary offers.
- DiCE provides a one-time allocation of \$2,000 for research expenses, to be supplemented by departments. A moving allowance is not provided by DiCE.
- If needed, funding for legal assistance associated with immigration is the responsibility of the academic unit. DiCE will not be responsible for immigration fees or paperwork.

FAQs

On September 19, 2025, an Executive Proclamation was issued wherein, for certain H-1B sponsorships, employers would be required to submit a \$100,000 payment in order for such sponsorships to be considered (<https://www.whitehouse.gov/presidential-actions/2025/09/restriction-on-entry-of-certain-nonimmigrant-workers/>). Due to budgetary constraints, neither the Nominating Department nor the Division for Change and Empowerment at the University of New Mexico are able to select finalists for this Faculty Forward program who will require sponsorship for employment authorization that will require expenditure of the \$100,000 payment.

How will/should candidates be prioritized? The most important criterion will be the unit's willingness and demonstrated effectiveness to mentor, advocate for, and sponsor the candidate, not only to become an assistant professor but to put them on the trajectory to achieve tenure, promotion, and beyond, as demonstrated by custom-tailored mentoring plans for the nominee.

Can a single department (or school) submit more than one candidate? Yes. Must be central campus departments. Provide priority order.

How does the FF postdoc/scholars program address concerns about search committees potentially segregating applicants in national searches? If a candidate competing for a national search is nominated, nominating department must outline their hiring criteria and criteria ultimately for tenure and promotion and provide evidence to show why one candidate was selected for the faculty position and why the prospective postdoc was not.
